

“Maximizing the visual potential of every patient is my goal”, Joseph L. Parisi, MD, FRCSC, FACS.

Dr. Joseph Parisi is an extremely qualified, truly dedicated ophthalmic surgeon. He has performed over 20,000 microsurgical procedures using the most advanced techniques, lenses and equipment including Cataract, LASIK, PRK/ASA, Refractive Lens Exchange, Implantable Contact Lens, and more. Born in Akron, Ohio and raised in Ontario, Canada, his father was a true pioneer of heart surgery at the Cleveland Clinic. At Queen's University in Kingston, one of the most prestigious schools in Canada, Joseph Parisi obtained his medical degree and residency in ophthalmology. He interned at McGill University in Montreal, Canada. In 1994, he completed fellowship training in oculoplastic surgery at the National Eye Institute in Ottawa, Canada. He is certified by the American Board of Ophthalmology and is a Fellow of both the Royal and the American College of Surgeons.

Clemson Eye was founded by Dr. Joseph Parisi, the Medical Director, and has state-of-the-art clinics in Anderson, Clemson, Easley and Greenville along with Spectrum Lasik. Dr. Parisi is an active member of the American Academy of Ophthalmology, the American Society of Cataract and Refractive Surgeons and a consultant for Alcon Surgical. Dr. Parisi enjoys cycling, marathon running, skiing, playing guitar and traveling with his family. He lives with his wife and daughters in Greenville and Clemson.

“For over 12 years, I’ve dedicated my career to excellence in Laser Vision Correction.”

Eric W. Brown, OD has participated in over 12,000 LASIK and refractive procedures. He was born in central Illinois. At Indiana University (IU), he obtained a Bachelor of Science in biology, and entered the Indiana University School of Optometry where he earned his doctorate in 1998. Dr. Brown is a long standing member of Pi Kappa Phi fraternity, the American Optometric Association, and the South Carolina Optometric Association. He is a past president of the Piedmont Optometric Society.

Dr. Brown has trained with cataract, vitreoretinal, refractive and corneal surgeons. He has participated in over 10,000 LASIK and refractive procedures and has worked with Spectrum Lasik since 1999. Having worked with other laser platforms, he prefers the advanced Wavelight® OptiLASIK technology for its ability to treat a wider patient parameters base.

Eric Brown, OD, enjoys fishing, running and life with his 2 sons and wife Heather in Simpsonville.
