

# Our prices have **changed**

Centre for Sight, in line with its ethos of providing world class care, has invested in new laser technology for a number of procedures. This technology improves safety and accuracy and we believe should be made available to all patients. Thank you for entrusting us with your care.

## Consultation prices

Each consultation fee includes routine pre-operative diagnostic testing. There may be additional investigations required which will incur further charge. A staff member will identify which investigations you may need and you will be given the option to proceed.

# Conventional and Laser Lens Exchange Surgery

A deposit is required in advance to secure a date for surgery. Deposits are also required for special order and toric lenses for individual patients, and the balance of surgery is payable prior to or on the day of surgery. If insured, special order lens are not usually claimable and best to verify in advance by calling your provider.

## Our Self Pay Refractive Lens Exchange Surgery packages, include:

- High Precision VICTUS Femtosecond Laser
- Intraocular Lens
- Correction of Astigmatism up to 1.75 Dioptres
- After care package **ninety** days post-operative care - not including any additional laser treatments.
- Initial eye drops prescribed by your surgeon.

### Refractive Lens Exchange Surgery Package (self pay patients)

Multifocal Toric Laser Lens Exchange -corrects astigmatism	£4,250 per eye (£1,200 deposit per eye)
Multifocal Laser Lens Exchange	£3,950 per eye (£910 deposit per eye)
Monofocal Laser Lens Exchange	£2,975 per eye (£700 deposit per eye)

## Our Insured Refractive Lens Exchange Surgery packages, include:

- High Precision VICTUS Femtosecond Laser
- Intraocular Lens
- Correction of Astigmatism up to 1.75 Dioptres.
- Initial eye drops prescribed by your surgeon.

Patient shortfalls vary from £600 to £2,233 per eye, depending on your policy with your insurance company. We request a premium deposit for all surgery as follows:

### Refractive Lens Exchange Surgery Package deposit (insured patients)

Multifocal Toric Laser Lens Exchange	£1,200 premium deposit per eye
Multifocal Laser Lens Exchange	£910 premium deposit per eye
Monofocal Laser Lens Exchange	£700 premium deposit per eye

Once you have obtained authorisation from your insurance company, Centre for Sight will then invoice you your shortfall amount. This invoice must be settled prior to surgery.

Please consult our *procedures and prices* guide for all other prices.
